## INVITE A COLLEAGUE

*For the first time we are offering the opportunity  
for PCSM members to invite a colleague  
to join them in attending the PCSM meetings  
at the Annual Conference.*

This year's program includes top issues that are of interest to all who have leadership responsibility for mathematics and/or a program in school . . . principals, coordinators, specialists, department chairs, mathematics teachers educators, to name a few. In addition, key national or state persons will be addressing these issues and will provide time for open discussion of the issues.

All PCSM members attending this conference are invited to bring a non-PCSM member colleague to participate in the information sessions and the discussion.

Please register your colleague below:

# Make a difference in Math Education

## JOIN PCSM AND ATTEND OUR CONFERENCE

Leadership in Mathematics Education

[www.pcsmonline.org](http://www.pcsmonline.org)

As a member of PCSM, you will be kept on the cutting-edge of state and national issues confronting math education. Through newsletters, conferences, and mailings, PCSM provides opportunities to exchange ideas with colleagues and to affect the changes needed to improve mathematics education in Pennsylvania.

*PCSM is an organization for leaders in mathematics education – leaders by either position or by interest and influence. You do not have to be a supervisor to be a member of PCSM.*
